Ramin Herati
University of Pennsylvania School of Medicine, Philadelphia

Ramin Sedaghat Herati, MD, is an Instructor of Medicine in the Infectious Diseases Division of the University of Pennsylvania School of Medicine. Dr. Herati received his MD from Washington University in St. Louis, internal medicine training at Johns Hopkins Bayview Medical Center, and infectious diseases fellowship and postdoctoral training at the University of Pennsylvania under the mentorship of Dr. E. John Wherry. His research is centered on using systems immunology approaches to understand T follicular helper CD4 responses after vaccination, using small-scale clinical studies in humans in order to understand immunological context and the effects of pharmacotherapy on the antibody response.
