

# CYTO<sub>2012</sub>

International Society for Advancement of Cytometry

**Michael G. Ormerod, PhD**, worked as a research scientist at the Institute of Cancer Research, London, for 25 years. Since 1992, he has been self-employed as a research consultant and trainer. His major research interests are flow cytometry, in particular its application in cancer research and the mechanism of action of cytotoxic drugs. For 20 years, he conducted the Royal Microscopical Society's Course on Flow Cytometry in the UK. For 15 years, he ran the world's only Distance Learning Course on Flow Cytometry for the Virtual School of Biomedical Sciences, University of Ulster. He has organized and/or taught on courses and workshops on flow cytometry in centres world-wide (venues include UK, Argentina, Hong Kong, Australia, Turkey, Egypt, Italy, Iran, Portugal, Germany, Singapore, South Africa, Uruguay, USA and India). Dr. Ormerod has been a faculty member of the Indo-US Workshops since their inception.

His most recent book, Flow Cytometry – a Basic Introduction, is available at [www.denovosoftware.com](http://www.denovosoftware.com).
